Small Cylinder Bed Interlock Stitch Hemming Machine,  
with Fabric Trimmer, Active Thread Control and Variable Top Feeder  
Equipped with Automatic Thread Trimmer

Photo : with Optional Air Guiding Hemming Folder

## A practical solution for your headaches in recent sewing-related difficulties... Even for tomorrow!!

- **Variable Top Feeder** prevents sewn works (even if it's made with recent stretchble and slippery fabrics!) from being twisted and distorted. Also, ensures stress-free operation with positive fabric transport.
- With our unique **Active Thread Control** system, the machine can achieve from soft & elastic seam to neatly tightened seam, and allows you to be ready for wide variety of sewing conditions, from microfiber to fleece!
- Small Cylinder Bed ensures easy handling even for small circular articles, such as pre-closed sleeve of T-shirt, Leg opening of Boxer brief etc.
